KBS is a full-service kitchen and bath remodeling company. We are family-owned and operated, with more than 45 years of experience. Our North White Plains location first opened its doors to homeowners and trade professionals in 1983. We have since been providing our customers with innovative designs, quality products, and professional installation and remodeling services.

Our long-established relationships with America's leading cabinetmakers allows us to offer you the best pricing and exceptional value. But when you select KBS, it's not only about the cabinetry. Our designers, project managers, and remodeling team will help you make the best decisions for your home and your family while helping you stay within your budget. We make the remodeling experience less stressful for you by taking responsibility for your project from design through completion.

Please browse this **Kitchen Styles Handbook** as you're preparing to remodel your home. It's a handy reference that highlights selected cabinetry, countertops and accessories to reflect today's most popular trends in kitchen design.

For even more design ideas, visit KBS, Westchester's premier design, cabinetry and kitchen remodeling showroom.
